

Lord Sandwich Red Wine *Sonoma County*

Our 2nd release of Lord Sandwich Red Table Wine...a new red wine blend from 7 single vineyards. After worldwide demand, handfuls of by the glass offerings throughout the USA we doubled our production of the Lord Sandwich Red Table Wine to 1200 cases.

Exactly like our first release, we began to seek wine in barrel from our beloved wine community in Sonoma County. This second release our friends from Meeker Vineyard came in strong for us...we nailed the blend on our first blending trial day. The first release took us 5 weeks! The final blend of barrels this time resulted in 3 vintages of Zinfandel from Dry Creek along with a small percentage of Syrah, an even smaller percentage of Pinot Noir and a wee bit of Carignane, Petite Sirah and Grenache.

This new blend is darker in color than the first release but shows a similar delicious mix of blackberry, pepper, and other spice box aromas that makes Lord Sandwich Red Table Wine rich, complex and approachable. Oh this wine has fine tannins that create a silky smoothness you will love. This is a perfect Sandwich wine indeed that over-delivers on quality.
