

## The Song That I Call Home

Erin McDermott/Stephen Mouglin (9.4.13)

Am            C            D  
Daylight brings music to my heart

Am            G            D  
                  A fire on the wind

F                    G            em            am    D  
Casting shadows on my yesterdays until it all goes dim, again

Passion's a fickle minded fool  
A fairytale's delight  
Tempting fate until it's holding you forcing you to fight, for your life

F                    C G F            C Emaj  
Somewhere in my dreams Is a simple melody

am am/g D                    F            G    am  
That carries me away To the song that I call home

V3. Moonlight welcoming a tune  
An unexpected friend  
\_\_\_Embracing sounds of levity I can't comprehend, then it ends
