MONTREAL TO GRANBY LINE

Expected That Work Will
be Completed This
Year

EXTENSION FROM THAT POINT
TO SHERBROOKE WILL THEN
BE PROCEEDED WITH.

Work on the Montreal and Southern
Counties Railway is being pushed
ahead. The line will be completed
from Montreal to Richelieu in a week
or two and it is expected that the
extension to Granby will be complet-
ed this year. The line will then be
extended to Sherbrooke.

It is the intention of the company
to build one south to the United
States border connecting with all the
principal towns en route.
