Quebec and Lake St. John Ry.—Ten miles of track had been laid on the branch line under construction to La Tuque, on Oct. 31. The grading for an additional eight miles had been completed, and considerable work had been done beyond that point. The first ten miles was expected to be ready for Government inspection Dec. 6; and it is expected to have the branch completed to La Tuque, 40 miles, by Sept., 1906.

Six miles of track have been laid on the Gosford branch from Valcartier, and the ballasting had also been done. Some further grading has been done on the branch. (July, pg. 287).
