OBJECTIVES

To give you a gift that will last a lifetime!

Music study enhances brain development and learning skills across the curriculum. Music students develop an appreciation for and skills in music that they can enjoy and use in various settings throughout their life!

EDUCATION

Lakeland Community College - Kirtland, OH

1986 - 1988

Full music scholarship in violin and music theory

Cleveland Institute of Music – Cleveland, OH

1982 - 1988

Full music scholarship in violin and music theory

Cleveland Music School Settlement – Cleveland, OH

1980 - 1989

Full music scholarship in violin and music theory

Fine Arts Association – Willoughby, OH

EXPERIENCE

Private Violin/Viola Instructor – My home across the world

1988 – Present

Vital individual instruction on technique and musicianship

String Music Instructor – St. Mary of the Assumption – Mentor, OH

1986 - 1988

Instruct varying ages and levels of violin and viola students in a group setting. Students learned to play as part of an ensemble, enjoy the motivational social atmosphere of making music with others and prepare for performance. Music skills also developed through note reading, listening, activities, music theory/history.

SKILLS

- 31 years teaching experience - Pre-K to adult students, Suzuki & traditional methods.
- Private lessons in violin, viola & music theory.
- Studied in the Suzuki Violin Method.
- A passion to share music with others.
- Volunteered in the Anne Arundel School System as a group and private music instructor under Jackie Mattingly.
