

If not for You

G C
Years fade, like the morning dew
G C
I lost my way, can't get through
G C
Just need something, to hold on to
C
I'd die today, if not for you

(chorus)

G C
If not for you, there'd be no meaning in this life
G C
If not for you, there'd be no reason why
F C
If not for you, I would surely die
G
If not for you

Just a guy, a sad story,
Don't know why, you picked me,
I was saved, I was born anew,
I'd die today, if not for you
(chorus)

I love you, more than I love life.
You love me too, I don't know why.
But I know one thing, I know it's true.
I'd die today, if not for you.
(chorus)
