

Lah Lah Lah Lah (Richard and Maureen Hall)

C-F-C-G-C-F-C-G-C

C F C G

Voices all around me going on and on and on,

C F C G C

Twenty-four hour news TV, saying everything is wrong.

F C G

Like whiney little babies, crying out for their moms,

C F C G C

When it starts to drive me crazy, I sing this simple song.

(chorus)

F C

I say ... lah lah lah lah lah lah lah, oooh oooh,

F C G

Blah blah blah blah blah blah blah, Shewby do be do do

F C Am

Though your lips is moving, there ain't nothin' coming through

F C G C

Lah lah lah lah, I'm not listening to you

Negativity, hyperbole, fear and hate for all

Emergency, conspiracy, the sky is going to fall

Socialists and terrorist, behind every tree

They hold their breath, they're scared to death and they're armed to the teeth

(chorus)

I see beauty all around me, people good and true,

All you see is ugly, everyone's bad but you.

You're a big buffoon, a hot air balloon, spewing smelly gas,

You wouldn't know a good thing if it bit you in the ass

(chorus)

F C G C

lah lah lah, blah blah blah, smile on my face, my happy place

F C F C

do be do, shoe be do, just sing this rhyme, it'll be just fine
