Time Moves On, Years fly past, Mind's near gone, Body's fading fast

I wake up in the morning, wanna stay in bed.

A7

Buzzards are circling over head

But I ain't gone yet, cause I ain't through, Life don't quit, until you do

When all is done, and all is said.

I may be old, but I ain't dead

(chorus)

A7

E

I got songs to sing, gifts to give, dreams to dream, life to live

A7

E

I could just give up and fade away, but I never been one to act my age

B7

Laying with my lover, late at night in bed

A7

She says, you may be old, but you ain't dead

They say kids today, ain't got no respect, that's the same damn thing, my daddy
done said

We're all the same, I just seen more stuff

I will grow old, I will not grow up

(chorus)

One day I'll stop, and walk away

One day I'm gone, but not today

I'll keep on going, tell it ain't no fun

I may be old but I ain't done

(chorus)
