**G** **F** **C**  
Yeah I went for a walk in the forest, Just Breathing in the fresh spring air

I even sat down by the riverside, It always feels good down there

I came back to the house and made a pot of tea, & I lay down on the floor

I was trying to imagine, Your sweet face at my door

Well I'm going through the motions, Getting thru the time while you are away  
But nothing has that spirit of fun, like you, You really know how to play  
When you're here, the river's wetter, When your gone my life is parched and dry  
When you're here, the pizza's better, You're my guy
