Michael Grinder, Michael Grinder and Associates

“ENVoY is the best thing I could have done for myself.”

Mary Bachow, ENVoY Participant

“One of the most outstanding teachers I have had the privilege of teaching with. Liz engaged all learners, gave them tools to help them along their path of learning. Liz incorporates many skills from learning styles, ENVoY, Brain Gym and Quantum Learning. She puts all these skills together in a vibrant and high energy package. You will never be the same, either as a learner or a teacher.”
