9. Nothin' Gonna Bring Me Down

I'm so glad the sun came out today
I got so much to do and say

move it along, sing my song
nothing gonna get me down

Don't wanna hear words that make me hurt
Don't rain on my parade I know what I'm worth

Movin' along, singin' my song
nothin' gonna bring me down

If I see a bully on the street
I can go the other way
won't let them bother me

We all have something to give
makes this world a better place to live

10. Don't Send it

Don't Send it, Don't Send it
Hard to mend it once you send it

I was feelin' angry feelin' hurt
when I wrote those words
Counted to ten, felt like myself again

I took a picture just to tease
So glad I pressed delete
I would never try to make a friend cry

Words are powerful pictures too
so much good with them you can do
Respect yourself and everyone else

No room for rumor gossip I wont share
I'm a person who cares
