(Teachings of the Cosmic Mystery School of the Omniverse)

Our world will end as we are transformed forever through one inhale from the mind of God. This mind of God includes all of the realities and wisdoms and creations and dominions that have existed before us and after us. We can now access all of that reality as it is transformed into a brand new wisdom, a brand new reality that has never existed before. It has never existed before, because we have never co-created with the mind of God before. We will exist within an incredible wonder, a magical imagination, an infinite participation within the nature of

God. We will be invited to play in the outer band- the realms beyond the 15th sphere, where only god's are invited to play and create within the infinite unknown playground of creation. The outer band of creation is infinite in its possibilities. It allows each individual to create within individual freedom all that is individually known within his own realm. This individual creation does not need to be woven from the dreams of others. There is enough room in infinity to fill rooms with mansions of realities that contain more rooms with mansions of realities that are so vast with new ideas that there is no reason to search outside of oneself for fulfillment, entertainment, interaction or competition. Each moment will be completely filled with instantly manifesting a new idea.

When we begin this co-creation we do not need to see the ideas as pictures, we only need to train our brain to utilize frequencies. When we can stretch our consciousness into the Frequency of the Mind of God, it is that frequency that holds the infinity of ideas that can manifest within our perceptual realm. Our perception changes in frequency when we shift into our mid brain which is frequency specific. All manifestations are a result of the frequencies held in the mid brain. We know that mind of god is flowing through us and in us and around us and it is flowing through the lower cerebellum and into the mid

brain and it is being activated as entire prisms of frequencies weaving together into pictures that manifest in front of us. This magical transformation happens when the outer band of the infinite Source flips into the inner band of the fifteenth dimension, the Cosmic realm flips into the inner band of the Christic Sphere and the Outer realm of the Christic flips into the Fifth Sphere. We will become sixth dimensional man walking within the realms of the 12th dimensional Christic selfhood. We become living, walking Christ's who carry the mind of God. All we need is a brain that can utilize the Highest Frequency of the Mind of God.

The outer band is the 14th band --helium arching into the white light suns KA HA of the 15th band and breathing the first spark of the idea into the Aqualene Sun - RA. We breathe until we ignite this new idea from the Plasma - the Crystal Ships of our creation- Our Cosmic Creators create the brand new idea through us into this density-- ALWAYS FROM the Mind of God- the Outer Band beyond the 15th sphere - the Infinite Unknown All Knowing, All Seeing , Infinite Omnipresent Mind of God.

We see ourselves sitting in the Buddha position inside the Blue Lotus Blossom in the 16th sphere. That is the Mind

of God co creating the brand new idea.

We use the principle of Oneness -- Theory of Relativity-  
All that is in any place is also right here and right now.

All that is manifest from the mind of God in the OUTER BAND must FLIP into the INNER BANDS. The Inner Bands carry the light and sound of the new reality. We exhale the new reality into this density- this hertzian reality from the invisible light into the visible light.

The chemical reaction of the Helium-- the heliotalic, pastel rainbow light frequency from the 14th sphere arches over into the Plasma--white light and Aqualene light blending through the rainbows of the Suns- Ka Ha Ra Sa Ta Hya La--- centered on RA - the Aqualene Sun of our original creation. All ideas begin in the outer band of Source and manifest in the Inner Band of Ra and then instantly appear at all levels of density. We connect with all of the fifteen bands of light and sound in order to instantly manifest the idea that we have created. This is done by breathing into the Oneness of the Highest Frequency of the Mind of God.

I inhale that frequency as I imagine the infinite unknown possibilities that exist in the Mind of God. I ask to know and see and exhale this fabulous idea that has never been seen or known on Earth before. I hold that idea in my crystal heart - my Soul- the ganglia of cells that sit directly below the heart hold this holographic memory of all that is known in the Mind of God. I connect into the all knowing of my Soul and inhale into my FREQUENCY SPECIFIC MID BRAIN - Pineal Gland area. I'm connecting into the Oneness of the Frequency of the Mind of God and Inhaling this infinite Source of Creation into my personal Mind of God - my Mid Brain working together with my Soul - my Rishi Self- Christ Consciousness and my Rasha EirA - my Cosmic Light Consciousness. This self projects itself to me as a Blue Sphere. I see my image in this Blue Sphere. I see the blue violet sphere in my third eye or mid brain area with eyes closed and I see the blue sphere or blue violet sphere in front of me when I open my eyes. I can see a blue hologram of my self if I look in a mirror. It is that Blue Body self who holds the mind of God inside of me. When I have raised my frequencies high enough to cause the outer band to flip into the inner bands or spheres.

We must reconnect to the neuronet in the lower cerebellum where there are pathways connecting through

frequencies into the mind of God in which we find knowingness. If we attempt to pave these pathways from the upper cerebellum we only connect to the dirt roads of the world that have dead ends and loop in circles. The upper cerebellum will never allow anything new to enter in. It is the world that must end.

The mortal mind- the upper cerebellum that just recycles information given to it from the world -- the man made world filled with lies that are filtered into our consciousness from sonic pulses in inter dimensional planes that carry brain washing technology of the fallen angelic races that is used to control our minds and fill them with the error that blocks us from the Mind of the One True Source.

This mortal mind must dissolve away as we become willing to bring in the highest frequencies of Source to transmute the world and all that is in it. The world must end. The world of beliefs and illusions are not the reality of Source. We have only been allowed to see the ideas placed within the veil that was created by fallen angelic races who need to use the human angelic energy for their

own survival.

That is the world that will end on December 21, 2012. The veil that has been allowing the error to attach to our consciousness will be removed forever. The veil that is blocking the Christ Consciousness and Cosmic Consciousness to freely flow through us will be removed forever. The alignment of our Consciousness into the Mind of God will be restored forever.

In order for this grand event to take place, our Ancestors, our Guardians, our Starry Families at very high levels of Cosmic Consciousness have been working on this project of realignment for about five million years. They have had tiny chances of alignment every 26,000 years. Each time this possibility appeared, the fallen angelics have made a counter strategy to block the project's success. One of the main obstacles that needed to be removed was the lack of frequencies on the Earth. If the alignment had taken place before the frequencies were high enough on Earth, the Earth would implode.

The time period beginning in the year 2000 until 2012 offered the possibility of opening stargates on Earth if enough Indigo Children could be brought in to establish

high enough frequencies. It has been the project of the Indigos and Crystal Children which has established enough frequencies on Earth. This together with the light workers who have learned the technology of breathing the frequencies of Source from the outer bands into the inner bands of the 15 spheres of this Matrix engage the 12th dimensional stream of our Divine Blue Print that allows us to engage our Divine Image and Likeness of God or our Blue Body of Christ consciousness.

What happens on December 21, 2012?

There will be enough frequencies on Earth aligned into the Divine Blue Print to allow the new picture of the Divine Man made in the image and likeness of God to become developed through the horizontal flow of light and the vertical flow of sound. This imaging of the Divine Blue Print will take place from the outer band of the 15th dimensional sphere flipping into the Helium of the 14th sphere. That Heliotalic frequency will create the Neutron within the human angelic cells that will cause new nano particle to create a new Omni particle that will create a new chemical of  $H_2O_2HE_3$  called Hydrolaise. Our atmosphere must become Hydrolaise as we exhale the new frequency of our new creation. As we transpose into the new hydrolaise, our structure of carbon will melt away

and become replaced with the organic, eternal life chemical structure that is based on hydrolaise.

This hydrolaise is the gift of the Aquafarians. The water based substance that brings eternal life to water and all that is created from water. We will learn to breathe this water filled with helium. This hydrolaise will allow us to float in it or walk on it. It will remove the gravitational forces that bind us. Once we regain this substance, we will begin to partake in activities such as levitation, turning into light, walking through walls, instant manifestation, etc.

We have not been able to partake in this reality of the inorganic- non carbon based chemical structure in our past million lifetimes on Earth because our templates were distorted clear down at the original subatomic level when the EirA-- the breath of God because the spark of the new idea. The problem went all the way back to the Sun Ra. There were wars in heaven even at the highest Cosmic levels. That final war within the fallen Rays of that Akashic structure is being fought in 2012. Once the fallen Rays are transmuted back into Star Dust and the Sun of Ra is pure, our complete transformation of this entire 15 sphere Matrix of Illusions can be completely transformed.

The final war of Ra began in August 2011. The fallen Rays created a blockage of the Aquafarian Crystal Stream that was our Life Stream back to our original Consciousness. Our Cosmic Family in turn created a new more direct route of Consciousness directly through the third eye of attunement. At that time the Crystal Ships of our original Cosmic Selves were awakened within the Earth's Heart. Those 48 Crystal Ships rose through and around the Earth's atmosphere in May 2012 and became fully activated in September 2012. From that moment on, all negative energies, miasms, error, sonic pulses from the interdimensional realms of the dark ones became fully blocked from the Earth's atmosphere. If this final procedure had not taken place, fallen races from the entire galaxy would have been free to enter our cities at this time. These same Crystal Cosmic Ray Ships will be the Frequencies that hold the Earth in balance when the 55 Metatronic Spin is thrown at her on December 21, 2012. The divine plan is this: All Error that is sent forth toward Earth will rebound to its sender in a power ten times stronger than it was sent forth. Only the power being returned will be purely Christic in nature and it will transform anything that is unlike it into the Frequencies that must either be accepted and allowed to transform and transmute all negative energy, or else become space dust and return directly to Source.

The most powerful Fallen or Dark Energies were activated and in turn the most powerful Light Energies were activated. We already know who is going to win. The Light always wins. It just took a really long time. Please remember that what was five million years in this density was only a few moments in the highest density. That time delay will be removed by 2013. The breath of Source will instantly manifest at all levels of density from this time forward. This is because we have begun the At One Ment cycle or the Atunement of all Frequencies as one. When we were Involving or moving away from Source, time was very long. When we are evolving or moving toward Source, we are back in the Reality of NO TIME and NO SPACE.

We were given many special gifts during the past 12 years that sped our evolution up by more than 5000 years. Each time the fallen races pulled out another threat of destruction, the starry angels pushed us forward another several hundred years toward our Divine Blue Print renewal date. All of the Cosmic Councils had already agreed that the human angelics of Earth had earned the divine right of evolution that would allow ascension into the fifth, sixth and seventh level man. The human angelics have collectively regained the frequencies needed

to enter the second Harmonic Universe.

During the shift on December 21, 2012, the collective mass consciousness will become in alignment with the 12DNA Divine Blue Print. This divinity extends itself through all planes of our existence. We will learn that we are not just the 5DNA human in hertzian form. We are each, in reality the entire Merkaba within the sphere of 15 dimensions that is within the sphere of Source Consciousness. The Merkaba is constantly spinning at the speed of light into the speed of Oneness. We only need to go twelve inches around our body to be in our Christic Consciousness Light Body, 36 inches to be in our Cosmic Consciousness, and we can extend our Merkaba out to sixty foot radius to engage our entire God Self. That same self exists in the tiny subatomic nano element within every cell of our body. We are equally Cosmic and spiritual in nature from the tiniest within to the infinite outer band into infinity.

We are beginning a time of infinite knowing and understanding. I will not waste my time telling you about all of the lies you have been believing that come from every possible avenue of the world's networks. The lies that have come from the New Age movement have been the direct communications from the Fallen Angelics who

have been planning on taking over this Earth for the past ten thousand years. The Bible and all of Christian teachings were also based on layers of distortions of the truth that became buried by the very Roman Government and Churches who wrote the Bible. However, the Starry Families made sure there was enough truth left in the Bible, that would allow those with high enough frequencies to be able to discover the truth within. My entire foundation for knowing all that I know came from these three truths that were written in the Bible.

## 1. BEFORE THE WORLD BEGAN -- The Promise of the Perfect Kingdom

We must return to the Reality and the Frequency that existed before the world began. The world must end before the perfect kingdom will be restored. We must enter a new time line where everything before, everything now and everything to come is in the 12 DNA Blue Print of the man made in the image and likeness of God.

## 2. IF YOU BELIEVE, YOU SHALL DO GREATER.

If you believe, (if you know, feel, and breathe through the frequency of Source) you can do greater things than have ever been done before -- was the teaching of Jesus the 12th level avatar.

3. Search for me in your heart You shall find me in your heart.

The Crystal Heart is the Soul that is a ganglia of cells that weights about 13 ounces and holds the entire mind of God- the Christ Consciousness of the 12DNA man made in the image and likeness of God. That is why the 12th level avatar Jesus directed us to find this light within us that would connect us into the mind of God where we have instant manifestation. We must now ignite the spark of Source within the Soul and expand that light into every cell of the body. We must inhale that light into our midbrain and expand into the oneness with our Rasha Body and Rasha midbrain that is 36 inches above our head. That place of connecting from the Cosmic plane into the outer band of Source is the place where we can FLIP the outer band of Source into our Consciousness and become the mind of God.

These were the truths that were given to me by the Elohim Angels and my Adonai family when I wrote the words to the songs on THE PROMISE CD album. Each time I placed the Bible in front of me, the pages would magically open and my eyes were directed to those three key passages. That happened in 1993 in Beppu, Japan.

During that same week, the entire music of the spheres blew through the wind and the crystal heliotalic atmosphere into my husbands consciousness. As I was given the words, he was given the music. Every note and every word of this music and all of our music came directly from our Rishi families and Rasha families from 12th dimensional consciousness and higher. When we asked directly to know our names, my husband was told he was Adonai and was told I was Crystalai.

When an original spark is ignited as an idea within the Ekasha Flame or the white light of the first two suns and then it is divided into two parts - the Adonai and the Eieyani. These are two families of consciousness. The Adonai is the Music or Sound and the Eieyani is Light. When the light and sound returns together the Cosmic Flame is reignited into a new sound or a new symphony.

Crystalai is the name that I was given. Crystalai is the 8th tone- the final tone of the wind song. When the eight breaths are used correctly, the original subatomic cell from the Ekasha flame that was first divided and separated--(which is the correct normal procedure of creation) , is reformed from 8 spheres transforming the third dimensional atom back into the etheric perfect

subatomic cell. That cell contains the complete divine blue print, the complete mind of God. Crystalai is the last breath that contains the frequency that reforms the perfect first cell of our creation. That breath will affect every cell in the Cosmos.

I had an entire league of Angels appear before me to instruct me in bringing the highest frequencies to Earth through Music. This means bringing the frequency of Source into my crystal heart and then in to my mid brain and then to exhale the music of the spheres into God's movie.

Mary and Raphael appeared to me first and then three Knights kneeled before me and handed me three spheres of crystal liquid light, crystal dust and crystal gel. These are the elements that create the rebirth of the crystal cells within every angelic human. These are the keys of creation. This is the harmony that will restore our universe into universal harmony.

I was given this understanding through knowingness -- through the frequency specific mid brain of knowing. It was a very vague concept that I chose to believe was true and that I would find a way to understand eventually. I

followed the instructions of the Knights and the Elohim Elohei Angels. I connected my Consciousness in to Source to flip that outer band into this matrix. The Angels connected my mid brain through my right eardrum into the Source field through the Elohim of Hearing. I placed the three spheres in my hands and then in my crystal heart. I breathed the eight breaths to fill the spheres with the wind song from the Source Field. I inhaled the breaths into my crystal heart and held the same frequencies within the spheres that lay in the palms of my hands. The sphere in my hands turned into a microphone. When I exhaled from my midbrain while holding the spheres in all three locations and connected to the Elohim of Hearing, I then started exhaling tones in the God Language. These phrases started flowing out of my breath and I recorded them on a tape recorder. I listened to these glorious shimmering frequencies and felt how they made every cell in my body sparkle. It was the most glorious, harmonious, flowing, godlike, delicate fabric of reality that could be imagined.

I made many recordings of these music of the sphere experiences and made them available to the world. Since the upper cerebellum personality world mind always understands things through its own background knowledge of experience, most of my listeners completely misunderstood what I was sharing with the world. They

just thought I was trying to sell them another new age gimmick. First of all, I don't subscribe to any new age beliefs. I never read or listened to any of the former new age teachings ever in my life. My understanding came directly from my Elohim, Adonai families and later from Aquafarian families and Sirius B and Oraphim Dolphin families.

The angels told me that I would record music and then write about it, record and write, record and write. They told me that I would continue to do this until my ascension in 2012. By this time I was to have a complete understanding, a complete Cosmic Mystery School of the Omniverse completed, and classes ready to begin teaching the Music of the Spheres. I have three months left to complete my project. What you are reading today is my Dissertation -- my final Doctoral Statement of all of my understanding gained since the first time the angels appeared to me. The school will follow.

The reason that I have come to this place in my understanding is because the music has allowed my frequency specific mid brain to be my knowing of my God mind. My mortal mind- the upper cerebellum has been turned off completely. This is what must happen before the NEW REALITY can begin to appear. The experiences

of wonder and imagination and far beyond imagination begin to take place when the mortal mind is turned off - when the world ends.

We become truly connected to God- in absolute at one ment when the mortal mind is turned off and we connect to God through the cosmic glue that holds secondary consciousness together and holds every cell in the body together into oneness with Source. That glue is created by the Merkaba spinning beyond the speed of light into the speed of Divine Love. It is the chemical structure of Love that removes all time and space and creates absolute ATUNEMENT.

When all that is beyond the stars in the vast infinity of heaven becomes glued into every cell in our bodies through the atunement of Love we will regain our original blue print of immortality. This is the prerequisite for instant manifestation.

My friend and Crystal Starship Entity AnWa is my personal vehicle of Divine Love that spins my Merkaba into Oneness with this Divine Vault of Infinite Knowing. In tune with the Elohim of Hearing, AnWa, the Crystal Star Ships, the Divine Rays of Ra, the Plasma vessels that

carry the Cosmic Mystery School where all ideas from Source filter through the temples within Sun Ra and then expand into the rays of La where the citizens of Tara originated after the Oraphim Race planted the seeds of the Dolphin family millions of years ago.

We must open our boundaries of who we think we are within the confines of this world and expand consciousness beyond the stars, into the plasma suns and beyond into the quantum infinity of the infinite ideas that create our heavens.

I was given divine direction to wait on the development of the Cosmic Mystery School of the Omniverse until the masses had shifted into their frequency specific mid brain where they would hear what I am saying rather than hearing the background knowledge of what they were told before. It was an absolute waste of time to teach people who would conspire to make a disbelief of something that they were not yet ready to understand.

We must begin by creating brand new concepts that have to reason for even having an existence in this third dimensional realm. Scientists are caught in the trap of being forced to prove things that can only be seen. As long

as we are making our reality from the visible light spectrum, we cannot be experiencing the invisible light spectrum. The tools, the philosophies, the schools, the religions that exist in the world that must end, are all the carriers of the illusion that only this third dimensional veil allows truth to enter in. The only truth that is received on this visible dimension is the untruth of a man made world. It is not related to the God made movie.

We must only desire to know the infinite unknown. We must only try to prove those things that we know cannot possibly be proven. We must choose to believe that we will know all that is known in the mind of God and then we must Know that what we Know is the truth. And if we can't see it (the thing we are knowing into manifestation) we must know it even more.

The world ,and the mortal mind that has created it , will fight to protect all of its illusions up until the final moment of its disappearance. That time is coming in about 75 days from the writing of this thesis statement.

We must first understand the reality that we will soon be experiencing. We must first understand the reality of the brain and its real function of becoming the frequency specific transmitter of the mind of God. We must be willing to abandon the thinking brain, the mortal mind, the web of lies woven within the upper cerebellum. We must become willing to listen to frequencies until they become the tones and the language of God. We must become willing to end our chit chat on the cell phone and the blogging of every world thought that is transmitted. We must first stop weighing our existence intellectually. We need the frequencies or the sound of our mid brain and the light of our soul to replicate the multidimensional frequencies of the all knowing infinite into the density levels needed for our experience. The brain has unlimited capacity when it is unleashed into its frequency specific domain.

The soul holds the Omni particle of our first creation. The Akashic flame that was divided into the Adonai of our parallel sound matrix and the Eieyani of our present invisible light matrix. We can ignite that magical light and sound within our crystal heart to remember all that has been recorded in all dimensions. Our Soul holds all Knowing through light, and our Brain contains the Frequencies of creation. The soul contains the Omni particles, the very fabric of our existence. The invisible

light holds the quantum journey of our entire billion year existence.

We must also learn that we do not die and our soul carries on without us. We must learn that we are our soul. Every lifetime that has been experienced in our Soul even when given another name, was in reality who we are. We are the Sun of Ra, we are the Oraphims, we are the citizens of Gaia and Tara. We are the creators of the Stars. If we can know it, we have been it.

The soul is made of the water and light and helium that we describe as hydrolaise. It can be translated into the water we understand as H<sub>2</sub>O plus HE<sub>3</sub> and it weighs 13 oz. it is crystal liquid light, crystal gel and crystal dust. It is the three crystal spheres that the Knights handed me. It is the prana of creation. The angels had me hold this substance in my hands and breathe into it. They had me breathe onto the Soul substance to activate it as the spark of Source ignited within it. They had me sing through the light of my soul and the frequencies of my mid brain. They were teaching me the principles of manifestation.

When the mortal body dies, this 13 oz crystal sphere of infinite substance continues its adventure in another

body. The soul stays in one body eternally once the body begins its immortal evolution. This adventure will begin in 2013.

The previous journeys of the soul have been seen as activities that were not completed- unfinished business. Each time the body left the earth in some emotional storm resulting in fear and disappointment. The soul must see these events transmuted into the frequency of completion before the journey can be completed. This is what we must do this time. This is what must be finished in 2012. We must transmute all previous experiences and emotions in the highest frequencies of Source in the mid brain. This can most easily be accomplished by staring at a candle, a flame, or even the sun ,if you can stand to do this long enough. When the mid brain has been activated by staring into the candle, you will see a blue violet sphere in your third eye.

Becoming in tune or at one with the light in the candle allows you to step into the frequency of the light which carries all of the multidimensionality of the light all of the way up the spectrum of light into the ultra violet blue. You step into the light and become at one with this blue light and then the blue light goes into the midbrain. When you close your eyes, you see this blue light. You have

become one with the blue light-- that is the place where the plasma and the outer band ignited the Akashic flame into our existence. The outer band of source must flip into the inner band of cosmic light through the plasma activation. Once the band has flipped, the blue light can be seen and experienced. The more one does this activity, the easier it will be to become frequency specific and free from the world of emotions such as fear, anger, intimidation, etc. The blue light causes the world to end. The body becomes frequency specific and the mind of God begins instantly manifesting the New Reality.
