Dear Jeff:

I truly appreciate your participation in presenting last week's workshop, "Meditation: A Daily Practice" to our Campus Community. The students, staff, and faculty who attended the workshop were very intrigued to learn about Meditation. I'm certain that they left with a better understanding of Meditation and I hope they are taking you up on your three-week challenge! I know I have!

You did an outstanding job at presenting and the demonstration and class participation was a hit. I could see that the audience really enjoyed it!

Thank you for sharing your information with us and I look forward to working with you again!

Sincerely,

Alicia Lee, RN, BSN, PHN  
Nurse Associate
