Dear Jeff,

All of us at TCOYD thank you from the bottom of our hearts for your support and participation in the 16th Annual San Diego TCOYD Conference & Health Fair. It is because of individuals like yourself that our events are made possible. Thank you for your dedication to helping people with diabetes live happier, healthier and more productive lives. As you can see from just a few of the comments below, you all made a significant impact on so many lives.

- This conference meant so much to me. I will no longer give up, instead I am inspired to take control.
- So much great exposure to new products.
- It was exhilarating meeting other people living with diabetes and getting a chance to learn from their experiences.
- Gave me hope, tools and insight - life changing!

I could go on and on with these testimonials but I think you get the picture. We hope you feel a sense of pride in your involvement with this event. You have made a difference and we appreciate you.

We also want to thank you for taking the time out of your busy schedule and the limited weekend time with your family and friends to share your expertise with a much appreciative audience. TCOYD is an organization that has volunteered so much time, effort and resources to many diabetes communities around this country over the past fifteen years, it is gratifying to us that there are individuals like you willing to do the same.

On behalf of Dr. Edelman, the TCOYD team and the many patients you empowered, we thank you and look forward to your continued collaboration with TCOYD.

Sincerely,
