HOW DO THE SUN AND PLANETS "LOOK UPON" DONALD TRUMP TODAY

How do the SUN and Planets "look upon" Donald Trump and his nomination bid in Iowa. **Quite familiar**, we might say if we judge by his natal and progressed charts. The affinities are impressive.

The transiting **SUN** has the Countenance of Essential **Force 42 - AUTHORITY** which **matches** that of his natal SUN the ruler of his ASCENDANT;

Transiting **URANUS** has the Mercurial Countenance of **Force 57 - DISTINCTION** which **matches** that of his natal MERCURY (ruler of House 2 – Personal Resources, and House 11 – Relationships with Groups of People, The Electorate);

Transiting **SATURN** has the Martian countenance of **Force 20 – RENUNCIATION** which also **matches** the domicile Force of his natal MERCURY and gives him the strength to temporarily give up the pleasures of life in order to attain his goal;

Like his natal and transiting SUN, transiting **JUPITER** has the Saturnian Countenance of Force 26 – TRANSFORMATION which is active on the day following the caucus (February 2) and is the effect of **Force 19** (the countenance of Mr. Trump's natal SATURN).

The transiting **MOON** and **MARS** are conjunct on the 16th degree of Scorpio which corresponds to Essential Forces **46 – REVELATION**, and **10 – CONTINUITY**, the latter matches Mr. Trump's progressed **URANUS**, while the former matches his natal **MOON**, the ruler of his natal 10th House

(Career, Politics, Public Life) by Exaltation. They both share a SOLAR countenance which is that of **Force 69 – COMPENSATION** for the MOON (remember Mr. Trump is still within his 69th year of life), and **Force 37 – SURVIVAL** for MARS. The latter, being the effect of Force 44 highlighted by Mr. Trump's natal **VENUS** is of capital importance as we shall immediately point out when discussing the Cross of Time, its Right and Left Arms as it manifests today in Iowa.

Transiting **VENUS** has the countenance of **Root Force 6 – GOD'S WILL TO BALANCE** matching both Donald Trump's natal **URANUS**, natal **ASCENDANT** and progressed **SUN**, an extremely relevant placement, as it is **VENUS** that rules Mr. Trump's Fortune and Public Life through the fixed Sign of Taurus.

Finally, transiting **MERCURY** has a Venusian countenance, that of **Force 62 – MEASURE**, one that Mr. Trump needs to actively maintain as it is the complementary one to the **Force 55 – BALANCE** that rules his natal **MIDHEAVEN**.

THE CROSS OF TIME IN MANIFESTATION DURING THE IOWA CAUCUS AND RELATED TO MR. TRUMP

As explained in my book "Gates of Time Windows of Opportunity", the **Cross of Time** is at the center of the Solar System hologram in each human being. Its Right Arm is that of **POWER-FREEDOM (Essential Forces 43-29)**, while its Left Arm is that of **RESISTANCE-SURVIVAL (Essential Forces 44-37)**.

Transiting **JUPITER** occupies the third rotational degree of **Force 29 – FREEDOM** that relates **JUPITER** and the **SUN**. Moreover this Right Arm of the Cross of Time is doubly strengthened by the aspects of the transiting **SUN** trine Mr. Trump's natal **JUPITER** retrograde (**Force 29 - FREEDOM**), and transiting **JUPITER** retrograde trine Mr. Trump's natal **SUN (Force 43 – POWER)**.

As transiting **MARS** squares his natal **MARS** while the transiting **SUN** begins to trine his natal **SUN**, transiting **MARS** at 16th Scorpio as mentioned above casts a square to the transiting **SUN** at 13th Aquarius. This hard aspect corresponds to Essential Force **37 – SURVIVAL**, that can also be described as the Force of "victory against all odds". Indeed Mr. Trump has never ceased being an outsider, and it is only from his victory in Iowa that he may become the favourite for Republican nomination.

Force 37 - SURVIVAL is the effect of Mr. Trump's natal **SUN-MARS** sextile that yields the causative arm of **Force 44 – RESISTANCE**.

These are the two Couples of Essential Forces that decide the fate of battles or wars. Balancing **POWER** and **FREEDOM** on the Right, Expansive side of the Solar System hologram with **RESISTANCE-SURVIVAL** on the Left, Centripetal side is what ensures final victory. For unless one manages to survive, one cannot live.

We see that for Donald Trump Heaven makes it providentially easy to balance these Couples of Forces in order to win this battle. Based on this evidence, it can be said of him as of the Chosen People of Israel in the Old Days that "GOD fights his battle on his behalf". All he needs to do is NOT TO INTERFERE in any way with the flow of the Essential Forces. So far he has managed this quite well.

As if the above-shown configuration were not enough, Transiting **URANUS** at 18th Aries exactly trines his natal **URANUS** highlighting both the Sphere of Divine **LOVE** (Sphere Force 9 – **URANUS**) and the Sphere of **NECESSITY** or **THE LAW** (Sphere Force 18 – **SATURN**). This highlights Mr. Trump's Destiny or GOD-given Mission to bring about major **CHANGE (Force 17)** highlighted by the harmonious trine

between transiting **SATURN** and transiting **URANUS**, by means of **MASTERY – Force 11** highlighted by the transiting **URANUS** opposed his natal **JUPITER** retrograde.

As we showed in our last Article, **Force 17** and its quintessential **Force 11** are Mr. Trump's birth mark as his natal **SUN** highlights this exact combination.

Last but not least, the **DARK MOON LILITH** has just moved beyond the exact conjunction with Mr. Trump's natal **JUPITER** signalling that the Terrestrial forces which we have defined and explained in our book as the "blind" and "inferior" forces of Magic (Prayer-Trance-Sacrifice) are losing momentum and can no longer inflict real damage on Donald Trump's "**luck, support and regeneration**" (his natal 5th and 8th Houses both ruled by JUPITER).
