“THE KING” AND “THE HIGH PRIEST” UNITE AGAINST “THE INFIDEL”

Francisco Bergoglio’s Personal “Orgoglio” Clashes with Donald Trump’s GOD-Given Mission

Just one day ahead of the South Carolina Primary Republican Election, and one day after the outgoing President of The United States stated his belief that Donald Trump will not be elected president, the Head of The Roman Catholic Church from across the Mexican border casts the “**anathema**” upon the same Donald Trump by essentially stating that he “is not a Christian”.

The facts surrounding both statements are evident and undisputed. The purpose of this **ad-hoc coalition** is to nip in the bud Donald Trump’s spectacular ascension, and prevent him from winning the South Carolina primary which would immensely consolidate his position as the Republican nominee. But, beyond this, it is inevitably a test of the Pope’s AUTHORITY over Christian voters. If Trump wins in S.C., it will be a serious blow to the Vatican’s already tottering credibility.

Basically, Pope Bergoglio is saying to all Roman Catholic Republican voters: “**Don’t vote for Trump. I’m the Priest of GOD and I’m telling you: he’s NOT a Christian.**” Then one could ask “**Could you please tell us what Donald Trump is: an atheist, a pagan, an apostate?.. We would really like to know so we can refer to him accordingly.**”

Donald Trump could easily flout the outgoing President’s belief that he would not win the Presidency, but was rightfully outraged by the attack mounted against him by the Roman Pontiff. His immediate reply was “**unbelievable!**” **Why on earth would the Pope do this at this place and time (Mexico, 18th February 2016)?**

Here are the **conclusions** supported by the Sacred Science of Time and Number revealed in our recent book “Gates of Time Windows of Opportunity”.

- 1. Both the outgoing U.S. President and the Pope are more afraid of Donald Trump as potential U.S. President than they are of the Islamic State as a potential aggressor.**

The game they are playing is the theme of the “Great Solar Eclipse Cycle of Usurpation” as explained in our recent book “Gates of Time Windows of Opportunity”. When the outlaws of the Islamic State are using religion as a political weapon to start a “Holy War”, at the other end, the Roman Pontiff uses religion to delay the inevitable decline not of the Faith but of the institutional and ritual compound of the Universal Church of Rome. By lashing at Donald Trump from the “superior” plane of AUTHORITY (as explained below), Pope Bergoglio is trying to literally “flatten” the Republican favorite, to inhibit GOD’S Force of ASYMMETRY which is threatening to irreversibly **CHANGE** the world by upsetting obsolete dogmas and patterns and allowing fresh air to come through. Yet Donald Trump’s AUTHORITY – as his Essential Profile shows – comes directly from GOD and does not need the “blessing” of the Pope, the Dalai Lama or any other leader who, while pretending to be spiritual, is, de facto, political and deeply embroiled (or should we write “embroglied”) in world affairs.

Clerics on the Christian, Jewish and Islamic sides are in full agreement that GOD IS ONE. Yet they have continuously been fostering disagreement among their followers in regard to **the way of worshipping GOD THE ONE**. This is due to the fact that they are approaching GOD from three distinct angles which correspond to our Third Dimensional time-space, and these are WILL (Judaism), LOVE (Christianity) and UNDERSTANDING (Islam). These differences shall always persist as long as our existence will unfold in this Third Dimension of Time-Space, but they ARE UNESSENTIAL.

THE ESSENTIAL DIFFERENCE is between the Judaism, Christianity, Islam on one hand and all other “religions” or “atheism” on the other. This is what the Priesthood of Judaism, Christianity and Islam ought to teach their followers. Instead, they have obstinately been teaching them to destroy the other two who are in fact their brothers not their enemies. Jews, Christians and Moslems are not enemies of one another, but all others are enemies of GOD THE ONE and, as such, pose the **real spiritual challenge in today’s world**.

If we look at the de facto-alliance of the outgoing President and the Pope, the only one “religion” that comes to mind, and rightfully so, is the blend of Catholicism and African Yoruba known as the Santeria, that has steadily proliferated in the Hispanic world. But this “religion” that practices animal and human sacrifice among other things, and does not acknowledge GOD THE ONE is not in conformity with GOD’S LAW, The Law of Number in time-space, and, as such, can only promote destruction, usurpation, and turmoil.

Rather than Donald Trump who is so clearly a Man of GOD (sure the Vatican’s astrology experts could not have missed his birth-signs), His Holiness ought to be concerned with the outbreak of magico-religious “godless” practices, as an alternative to GOD worship, and the dissemination of buddhism and atheism.

Since 918 AD, the Islamic “jihad” at one end followed by the (Judaeo)-Christian “crusade” at the other, symmetrically disposed around the axis of Jerusalem was the first manifestation of the Great Solar Eclipse Cycle of Usurpation whereby the Moon (High Priest and High Priestess) temporarily usurped the Sun (The Emperor as a Sun Hero). Albeit having all the appearance of a war, this was in fact a postponement of the real World War which broke out in 1937. Being a symmetric construct, the clerics can control the outcome of the War that has erupted between the Islamic State and the Judaeo-Christian West. But when Donald Trump wins the U.S. Presidency, as he will, they will not be able to control him.

2. Both the outgoing President and the Pope are recycling the medieval scheme where the political POWER of a ruler was invested with religious AUTHORITY by the Roman “Pontifex Maximus”.

Both the outgoing President and the Pope are treating Donald Trump as an “aggressor” from inside the “System” rather than as a rightful contender for the U.S. Presidency. They are desperately trying to maintain the symmetrical pattern wherein the State of Vatican would oppose the Islamic State on the **political** not the **spiritual** terrain so that the clerics of both faiths would continue enjoying the stability of their stations of **worldly not spiritual POWER** and continue their **betrayal** of the **AUTHORITY** of the High Priest of GOD, while their fervent followers would clash on the battlefields of the Middle-East, and why not Europe and America.

This has always been a high price to pay for not reforming religion when due. And it was invariably the believers NOT the clerics who paid this price. As Pope Bergoglio may have found out since his own election as Head of both The Roman Catholic Church and The Vatican State, **it is so much easier to be a “King” than a “High Priest” of GOD**. The former belongs to the Sphere of JUPITER and

POWER while the latter belongs to that of SATURN and AUTHORITY. As one of the manifestations of the Law of Number this is fully explained in our book "Gates of Time Windows of Opportunity".

3. By saying that a Christian ought to be a "bridge-builder" not a "wall builder", the Pope pushes his followers into the "Trap of Symmetry" fostering confusion of politics and faith.

It is the "pontifex" or Great Priest who builds the bridge between GOD and Man. This is what Moses did by giving the Law, this is what Jesus did by proclaiming Love of GOD, and this is what the Prophet Mohammad did by proclaiming submission (literally the "under-standing") of GOD. The High Priests of all three Great Monotheistic religions **know** the Highest Truth that GOD IS ONE. So there is no disagreement between them.

Conversely, the "King" or political leader is the one who "builds walls" par excellence, to both protect and foster the WELFARE of his people. This is what King David started doing, and what King Solomon accomplished for the People of Israel in Jerusalem. This is what a true "King" or President as they are called nowadays ought to be doing.

So by saying that a Christian ought to "build bridges" instead of "building walls", the Pope is essentially stating that no Christian should ever be a political leader, and wipes out the Essential Differences between AUTHORITY and POWER, between KING and PRIEST and between politics and religion. In fact the Pope's concern ought to be about WHO someone is not WHAT someone is. The Pope holds **double standards of judgment** which is inadmissible for the High Priest of GOD. When asked about whether a homosexual man who defines himself by doing something else than "build walls" can be a Christian, the Pope notably replied: **"If someone is gay and he searches for the Lord and has good will, who am I to judge?"** In Donald Trump's case, though, he was the one to judge and **judged so WRONGLY.**

Bottom line, if Donald Trump could have been controlled by spiritual means (which is the highest available power available on Earth being that of the Science of Time and Number which the Judaic, Christian and Islamic Priesthood has inherited and has repeatedly abused) there would have been no reason for the Pope to cast the "anathema" on him. The fact that he has done this shows that Donald Trump CANNOT BE STOPPED, that HE CANNOT BE CONTROLLED by those clerics of global monotheism who have betrayed the GOD-given AUTHORITY of their High Station and given a lending hand to the ongoing usurpation of political power in The United States of America and the world, a usurpation which will come near its end once Donald Trump, is elected the 45th President.

GOD'S WILL shall be made manifest in Donald Trump, the builder of walls who stands as living proof of the Truth that: "Unless the Lord build the House, they labor in vain that build it."
