

The Waking Sounds [Eb]

Brian Campbell

VERSE

Your love it changes all that I know
It's a love that never fails me and I am lost in its great flow
You come and call me away to a brighter beautiful way
And all I can see is your love Your wonderful love

CHORUS

It's the waking song of a new love
It's the waking sound of your love for us
Anticipate the sound of a new love
From the awakening God in love with us

VERSE

Your joy invades and all that is lost is found
Like a slow burning fire I'm whole in you, my fears and my hate breaking down
You come and call me a way to a place of heavenly grace
Joy becomes my life in the way of your Love

CHORUS

BRIDGE1

Awake my eyes your dawn comes
Awake see life approach - aches

BRIDGE1

BRIDGE2

Your joy becomes the greatest part of me
Your peace your hope your joy your heart my own
And now release your life
