

Mama's Black Sheep

Hello Everyone!

We are finally back at Sheep Central after our Winter Tour in St. Croix USVI. And what a tour it was! Many thanks to our family, friends, and fans who live in St. Croix or traveled down to spend some island time with us. We played 30 shows in just under 7 weeks, so it was a bit of a whirlwind as usual, and always seems to go to fast. But we had a wonderful time with all of you, and are so grateful for the love and support the island always showers upon us. We finally finished putting our Tour Photo Album together, [CLICK HERE](#) to see a recap of this year's happenings. If you have photos to share from St. Croix, feel free to post them online and tag us or use the hashtag #mbswintertour. Many thanks to those who contributed photos to the album!

Now that we're back in Baltimore, we are elbow deep in preparations for our 7th Annual [SIRENS OF SPRING TOUR](#) with [Christine Havrilla & Gypsy Fuzz](#) and other special guests! We will have lots more news about that coming up soon, but in the meantime, feel free to check out the [SIRENS OF SPRING website](#) or our [Facebook Events Page](#) for more info as shows are added.

Before we get to the SOS7 TOUR, we've got lots of things happening for the next several weeks including a trip to the west coast! We gave ourselves a little time off after the Winter Tour to rest our voices and get back into life at home, but starting this weekend, we're back at it! See all of the upcoming St. Paddy's Day weekend events, plus the rest of the month details below.

For those of you looking ahead at your summer beach schedules, remember that our entire Rehoboth Beach calendar, as well as other great "destinations" that we play are listed in advance on our [BAA VOYAGE](#) page to help you plan your travel!

With only about a week until the official start of Spring, we look forward to the warming weather, the new life Mother Nature brings, and reconnecting with those of you we have not seen for the past few months!

See y'all soon,
Ashland & Laura
