

# The Rusty Cleavers

The Rusty Cleavers are a hard-driving, hard-working, rowdy 4-piece bluegrass rock-n-roll band from Tacoma, WA. They blend the elements of classic bluegrass musicianship and flawless vocal harmonies with the attitude and edge of punk rock, sending audiences everywhere into a frenzy of compassionate lust.

Label from Rusty Cleavers Old Plank Pilsner brewed by Wingman Brewers

"Often described as the Old Crow Medicine show meets the Ramones, The Rusty Cleavers' live shows have always been fist-pumping barnburners. Audiences can't help but cut loose as they pummel their string instruments with rhythmic abandon, layering husky harmonies overtop that swell to bursting."
