

DEKAM & JOHNSON

Capturing the emotions of life, love and loss, DeKam (pronounced Dee-Cam) and Johnson aim to extend a hand and provide comfort through the music they create. Originally from Owatonna, Minnesota, singer/songwriters Noah DeKam and Logan Johnson have been writing and performing music together for nearly eight years.

Joined on tour by bassist Robbie Weisshaar and drummer Patrick Phalen, the DeKam and Johnson full-band experience is something you won't want to miss. From catchy pop hooks to honest and soulful ballads, the duo's instrumental facility and vocal instinct combine to form the signature songs that will be stuck in your hearts and minds.

With three releases currently in stores and many more on the way, DeKam and Johnson continue to hone their craft and produce honest, real pop music.
