

# Teacher

## Verse 1

Teacher walk beside me and show me how to go  
Nourish me completely so that I grow  
Light the path forever Blazing Wisdom Flame  
Light the path for everyone till suffering has tamed

Give me strength to realize the wisdom that I know  
Fears that I no longer need courage to let go  
Keep my mind open and free  
Power to dance on the stage of destiny....

## Chorus

Cause I am strong  
I have all the love I need  
I have all the courage to succeed  
And fear is gone, gone...

## Verse 2

You're tired of all in slaved ways enough stop today  
But you feel like there is a million things standing in your way  
You are powerful and you have what it takes  
Warriors of love I summon you awake

Fears that you no longer need courage to let go  
Keep your minds open and free  
Power to dance on the stage of destiny....

You have all the love you need  
You have all the courage to succeed  
And fear is gone, gone.....
