

# Risin' Up

## Verse 1

I will be love you'll be wisdom  
We'll grow wiser together we'll lead the world  
Love is freedom life it carries on  
Give the truth so the people can become strong  
Why so much hate instead let's choose love  
Let's choose oneness together we'll rise up...

Rise up good people  
Bring enlightenment to the century  
Make the bonds across cultures  
Unite and we'll be.....

## Chorus 1

Free risin' up  
Give you all the power to  
To rise above  
We'll rise above  
I give you the power

Rise up don't stop warriors of love be strong (Back up)  
Rise up don't stop warriors of love stay strong

## Verse 2

We are the ones who need to change now  
Heal our mother in turn we will heal ourselves  
Life can't sustain how much we're taking  
Need to realize true power comes from within  
Why so much greed instead let's give back  
Through compassion together we'll rise up....

Rise up good people  
Bring enlightenment to the century  
Make the bonds across cultures  
Unite and we'll be.....

## Chorus 2

Free risin' up  
Give you all the power to  
To rise above  
We'll rise above  
I give you the power

Rise up don't stop warriors of love be strong (Back up)  
Rise up don't stop warriors of love stay strong

**Breakdown**

So we'll laugh in the face of the suppressor  
Who wants more money still wants more power  
Cause we're livin' it up givin' it up  
Trying to push us down but we'll stand up  
Dancing to inspire we'll give each other power  
Together we'll be strong blazing through the fire....

**Outro**

20 thou 50 thousand gonna unite  
Cause we're taking our lives back our rights back

50 mill 80 million gonna unite  
Cause it's time to live right and help the earth grow

80 bill 99 billion gone unite  
Cause it's time to wake up and stop GMO

World wide world wide we're risin' up  
We are walking in love we're living in peace

Rise up don't stop warriors of love be strong  
Rise up don't stop warriors of love stay strong
