

## Never Say Die

Is a series of monologues and poems that create scenarios that employees face in their day to day lives. Your team can face circumstances that prevent them from being productive and can cloud their judgement. By using these scenarios team members get a sense of how to spot potential pitfalls and how to mitigate them without creating greater problems, freeing them to be more productive.

“**Never Say Die**” addresses the real life issues that people deal with day to day that can greatly deflate productivity.

We use an umbrella approach to focus on Wellness with overarching themes that include;

- Overwhelm
- Income Security
- Powerlessness
- Ambition

We also include an option to customize scenarios by addressing specific issues you have in mind. Each session includes;

- Facilitated discussions highlighting the effects external factors have on productivity
- Optional three course pairing prepared by our partner, Chef Walter Matthews
- A completely mobile setup- on or off site.
- Available a la carte or as a suite of solutions over flexible terms.

*“This show can also be utilized as a way to use the power of group dynamics to discuss issues that could be affecting your teams or specific individuals on the team.”*
