

Music, Lyrics and Arrangement by  
Cheryl B. Engelhardt

# We

SSATB

---

*We. We. We.*

*We weave in and out of the anchors that tie others down.*

*We. We. We swim free in the ocean. Free.*

*But let me take a breath.*

*The surface lies beneath us. It lies beneath us.*

*But still we lie to save ourselves, so save me.*

*For I am the other half of we.*

*We.*

---
