

# Touch Fire

Jonas J, JB, Malene M, Sindre J.

## Vers:

Just how long before I fall?  
I'm stumbling on the edge again

Eyes go black the tingle's back  
Need to catch myself again

Take a chance, feel the thrill  
Pick me up, tear me down.  
Floating on this dying cloud.

Flying high, crashing down  
Crossing lines, leave the ground  
Take me on another round.

## Pre:

Though its Igniting, the fears in my mind  
You know I like lightning, Don't know where it strikes

## Chorus:

I wanna breath faster  
and again, And again, And again...

I wanna touch fire  
Cuz I Love how it hurts When it burns

## Vers 2:

Meet me on the battlefield

N' Feel the kick from all the sounds

I'll hold your gun, I'll help you load.

Now take the shot or hit the ground

**Pre:**

Though its Igniting, the fears in my mind

I know it is frightening, but you gotta fight.

**Chorus:**

I wanna breath faster

again, And again, And again

I wanna touch fire

Love how it hurts when it burns.

**Bridge:**

Never enough

Gimme the rush

Thrill of the touch

Give me something x2

**Ref:**

I wanna breath faster

again, And again , And again

I wanna touch fire

'cause I Love how it hurts when it burns.

**Post Chorus:**

and it's

Ohh Never enough

oh Gimme the rush

ohh Thrill of the touch

Give me something
