

## For You

Your breath seems so calm  
in the wake of the storm  
Don't wanna wake you again

For you  
For you

So as we drift through the night  
only patterns of light  
Can turn back our time

For you  
For you

You know I want you to stay  
You know I want you to stay  
I want you to stay

As I'm holding your hand  
I can see your dreamland  
Your dreams light the way

For you  
For you

And tomorrow will come  
In the morning I'm gone  
And I'll start my day

For you  
For you

You know I want you to stay  
You know I want you to stay  
I want you to stay

You're the one for me  
And I'm the one for you  
I'm the one for you

Today I've become  
The man I once was  
When I changed for you

For you  
For you

When it's all in your mind  
And you're runnin' to hide  
Don't run all the way

For you  
For you

You know I want you to stay  
You know I want you to stay  
I want you to stay

You're the one for me  
And I'm the one for you  
I'm the one for you
