

## SATTELITING

i've never felt so unable  
lyin' on the chopping table  
with all my fame and glory  
does it make a righteous story?  
so go off and fight your war  
i'm not gonna fight it for ya

i'm satteliting  
what you make of it  
someone new to train  
more challenges  
dialing down the sympathy

i've never felt so uncertain  
if all the pain is worth it  
with all options coming through  
which one should i choose?  
so stand now or walk away  
were gonna make a change

i'm satteliting  
what you make of it  
someone new to train  
more challenges  
dialing down the sympathy

so i find out talkin' to myself  
inner preservation  
a little patience  
time to sort things out

i'm satteliting  
what you make of it  
someone new to train  
more challenges  
dialing down the sympathy
