

## Sleeping Slowly

i've been sleeping slowly  
i've been sleeping so slowly  
i'll wait for the morning  
but the morning might be late

did anybody tell you?  
did anybody tell you  
where you're going to run to  
when all you've got's you're name?

they said you were on my side

did you come here to scare me?  
did you come here to scare me?  
i've been looking so plainly  
plainly like your name

are you moving slowly?  
are you moving so slowly?  
don't wait for the morning  
'cause the morning never came

they said you were on my side

now you're talking so softly  
now you're talking so softly  
i don't know if i wanna be  
the one who turned you away
