

I Wanna Know

Sometimes I feel ruthless
There's no end to what you can miss
But lately I've been turnin'
To a plainclothes golden dragon

I wanna know how you feel
I wanna know how you feel
When you say we're comin' back
Comin' back to stay

Sometimes we feel helpless
There's no end to this darkness
But lately out in the garden
I have seen you with no clothes on

I wanna know how you feel
I wanna know how you feel
When you say we're comin' back
Comin' back to stay

I wanna know how you feel
I wanna know how you feel
When you say we're comin' back
Comin' back to stay

You have nothing to prove
The world hangs on you this time
I don't even know why

I wanna know how you feel
I wanna know how you feel
When you say we're comin' back
Comin' back to stay

I wanna know how you feel
I wanna know how you feel
When you say we're comin' back
Comin' back to stay
