

## Knife in the Water

i'm searching for a light on  
a car in the road  
jumped out in front of you  
and off we go

i'm not, i'm not giving up

you were making a day of sailing  
and impressing your girl  
you took me aboard on a hunch  
that i would do your dirty work

i'm not, i'm not giving up

i'm not like you  
so you push me around  
you've got your job  
i found a way around  
you bought her love  
a shiny diamond ring  
i'm just a young man  
a young man who'll take on anything

you dropped my knife in the water  
threw me overboard too  
i yelled, hey i can't swim  
at least that's what i told you

i'm not, i'm not giving up

you thought i drowned but i didn't  
i swam back in  
your girl took me aboard  
and she made me a man

i'm not, i'm not giving up

i'm not like you  
so you push me around  
you've got your job  
i found a way around  
you bought her love  
a shiny diamond ring  
i'm just a young man  
a young man who'll take on anything
