

A Fading Memory

Waitin' on the corner
Ya know I told her that she'd come back to me

So raise up your glasses
Ya know the past is just ancient history

Words that I've spoken are now broken
In a fading memory
In a fading memory

I see you on the road now
So you've sold out, sounds like you're not the only one

And after all we've been through
Ya know I've missed you ever since the day you've gone

Words that I've spoken are now broken
In a fading memory
In a fading memory

Tell me no one's with you
I know you can't be alone

The words that I've spoken are now broken
In a fading memory
In a fading memory
