

## These Friends

Tonight I'm lost in love  
For you to hear  
Am I brave enough  
For you you to feel

What I'm relying on  
These friends are not as fun

The smell of you perfume  
On my hands and shirt  
I want to join you soon  
'cause all we do is flirt

What I'm relying on  
These friends are not as fun

This is true  
This is true  
This is true  
You're all I think about

This is true  
This is true  
This is true  
You're all I'm thinkin' 'bout

May I hold you here  
For a little while  
It's all becoming clear  
When I see you smile

What I'm relying on  
These friends are not as fun

You're what I'm relying on  
These friends are not as fun
