

Becoming Someone New

Stay with me in the blue moonlight
You're the only one who can read my mind
The missing piece fell into place when you looked me in the eye

Stay with me while everyone's asleep
Keep me safe from harm and away from bad dreams
The scary things they're tellin' you but nothin's as it seems

I'm becoming someone new
every moment I'm with you
I'm becoming someone new
every moment I'm with you

Stay with me when you're not there
I know the warmth of your touch and the softness of your hair
I close my eyes and hold them tight, think maybe you'll appear
To me
And don't wait too long
And don't wait too long

Stay with me through the changin' times
You're a friend to me and friends never die
When we wished upon that star we never wondered why

I'm becoming someone new
every moment I'm with you
I'm becoming someone new
every moment I'm with you

I'm becoming someone new
every moment I'm with you
I'm becoming someone new
every moment I'm with you

I'm becoming someone new
every moment I'm with you
I'm becoming someone new
every moment I'm with you
