

I Don't Need to Know

i fell asleep as the whitest winter fell
on the eve of illusion
to a daylight moon
and all the silence of the restless years had gone
barely leaving desire
and still wanting proof

i don't need to know
i don't need to know, baby (honey)
i don't need to know your name

i'm sleeping in with the thoughts of all mankind
poised on a stage of reliance
barking evil truths
a lone reflection sits outside the window pane
it doesn't need my permission
to pull me through

i don't need to know
i don't need to know, baby (honey)
i don't need to know your name

it's a useless cause
won't you be my song?
I'll tell you the right
the right way to go
then you go
i don't wanna see you go

i don't need to know
i don't need to know, baby (honey)
i don't need to know your name
