

WITH LOVE

OUR IMPACT IN 2017

MORE LOVE, MORE CITIES

Love is a much needed emotion in today's world and more of it should be shared, especially in the lives of children with cancer. That is why we were excited to expand our mission to a third city in 2017! **Jacksonville, Tallahassee, and Nashville**, were touched by WithLove last year.

SHAPED BY YOUR SUPPORT

The growth of WithLove would not be possible without our generous donors, incredible sponsors, and selfless volunteers. Last year, **13** toy drives and fundraisers were held for WithLove. **42** Sponsors and **countless** donors helped us give children with cancer the opportunity to be kids. We want to thank the communities of Jacksonville, Tallahassee, and Nashville for opening their arms and fueling our mission in 2017.

2018 GOAL DIGGERS

WithLove wants to double its impact in 2018! That's right - twice the support, two times the events, and more importantly, a twofold increase in the families we will reach. WithLove turns the big **6** this year, and we'd like nothing more than to celebrate by sharing more love and gifting more hope to children affected by cancer, their families, and treatment facilities.
