

3. Institutional Investor

If someone stood up at a shareholder meeting
And raised his voice up yelling and pleading,
And waived his proxy and shook his leg, you'd notice him
If an analyst on a company's case yelled
The expenses have a lot of waste
This whole company's a powder keg, you'd notice him

And even without cluckin' like a hen
Everyone gets noticed now and then
Unless of course that shareholder should be
Invisible, inconsequential me

Institutional, institutional investor
Shoulda been my name
Institutional investor
Cause you can look right through me
Walk right by me and never know I'm there

I tell ya
Institutional, institutional investor
Shoulda been my name
Institutional investor
Cause you can look right through me
Walk right by me, and never know I'm there

Suppose you was on a company's board
Been rakin' in more and more
Shareholder files a class action, you'd notice him
Suppose you was a regulator
SEC, Justice, or even Spitzer
Tried to jail one man for 200 years, you'd notice him

A shareholder is made of more than air
With all that money you're bound to see 'em there
Unless that shareholder next to you
Is unimpressive, undistinguished
You, know, who

Shoulda been my name
Institutional investor
Cause you can look right through me
Walk right by me, and never know I'm there

I tell ya
Institutional, institutional investor
Shoulda been my name
Institutional investor
Cause you can look right through me
Walk right by me and never know I'm there

Never
Even
Know
I'm there
