

# THE MAGICAL ARTISTRY OF MONDRE

From the moment he takes the stage, It's obvious to see why MonDre has been called one of the smoothest practitioners of the Art of Magic. He's a Magician's Magician, with television appearances and international performances in Australia, Greece, Switzerland and Bermuda as well as domestic appearances throughout the U.S.

**MonDre is the first and only African-American Magician to win the prestigious Grand Prix Magiques de Monte Carlo, an invitation only magic competition sponsored by Prince Albert and the Royal Family of Monaco.**

Today, MonDre continues to win the respect of his peers by bringing the age-old art of Sleight-of-Hand into the 21st century with a style and grace that can only come with years and years of practical experience.

His performance is sure to excite, delight and mystify the senses. MonDre currently resides in Las Vegas, NV and can be seen in the upcoming PBS Documentary "The Heart and Soul Of Magic" as well as "The African-American Masters of Magic Project".
