ANGLICAN Choral
Composition Competition -
Good Cheer

Composers Note

*The 'do' sound is equivalent to the solfege scale pronunciation. Any symbol with a dash (-) indicates an elongation of the vowel and separates vowels within words. The 'aw' pronunciation is as sounding.

Good Cheer is in reflection of time spent learning and loving music at University of Toronto. The friends and relationships I've made have created some for and wonderful experiences through orchestra and sports groups. There is a kind of happiness of a vibe where everyone knows each other and is connected at the University.

Text:

Verse 1

I Sing in your Heart, I'm yours in a world Apart.
God Gives us joy for tommorrow, please take my pain and sorrow.

Chorus

We Sing together and pray, that love will come each day.
I hope you are of good cheer, theres nothing we can't revere.

Verse 2

My blessing so cherish, with him we are close in mind.
Someday I'll feel the passion, I'm lost and need a hero.
