

GOOD ADVICE

by Ms. Tiyi Schippers

Please listen to this very good advice.
If you do the people all will think you're nice
Listen to your mom and dad.
All the grown-ups will be glad
If you listen to this very good advice.

Please don't put your finger in your nose!
Pulling boogers out is really, really gross!
Use a tissue or a hankie everyone will really thank you.
Don't put your finger in your nose.

And don't wipe your boogers on the rug.
If you do the people all will holler, "UGH!"
It's a nasty thing to do it is icky yucky too.
Please don't wipe your boogers on the rug.

And don't suck your thumb when you're at school.
Sucking thumbs in public isn't cool.
Suck your thumb when you're at home or when you are alone.
Please don't suck your thumb when you're at school.

And don't put your fingers in your mouth!
They've been touching germy things both north and south!
You know fingers aren't food,
It's a thing you must elude.
Please don't put your fingers in your mouth!
