

Pack Your Bags

Intro) G C D

1) Pack your bags, bolt the door, and get on out
 There's no room; for fights, no need to shout
 It's time to say goodbye
 After what we've both been through
 Time is a cruel mistress
 And she had her way with you

Refrain) Pack your bags; Pack your bags

2) Let it go, let it be, and move on
 Like a stone, on your back, it drags you down
 It wasn't meant for me
 It wasn't meant for you
 All the cards were dealt
 And this is what we drew

Refrain) Pack your bags; Pack your bags

Instr) Em Am Em D

3) Lookin' back, I see it now, I've seen it all
 Signs were there, clear as day, to us all
 Should have seen it coming
 It was too much work to do
 Wrestled with the changes
 And never quite broke through

Outro) Pack your bags
