

### **Round:**

Laudate nomen domini, Laudate servi dominum in quo status, in nomen domeni.

### **Round:**

Though soft flowing Avon by they silver stream, of things more than mortal like Shakespeare would dream, dream, dream dream. The fairies by moonlight danced round his green bed, and hallowed the turf is that pillows his head. Dream, dream dream.

### **Round:**

When you're feeling stuck in the mud,  
And you're trying to wade through,  
And you know that you can't stand still because you'll sink right down and that just won't do  
So reach up! Reach out! Move forward, hold on however you can.  
Because the rains gonna come and wash the mud away and you'll be ready to make a new plan.

### **Round:**

All shall be well and all shall be well and all manner of things shall be well.  
For there is a force of love, moving through the universe,  
That holds us fast, and will never let us go.

## **Somos el Barco**

[Chorus:]

Somos el barco, somos el mar  
Yo navego en ti, tu navegas en mi  
We are the boat, we are the sea  
I sail in you, you sail in me

The stream sings it to the river  
The river sings it to the sea  
The sea sings it to the boat  
That carries you and me

[Chorus]

The boat we are sailing in  
Was built by many hands  
And the sea we are sailing on  
It touches every land

[Chorus]

So with our hopes we set the sails  
And face the winds once more  
And with our hearts we chart  
The waters never sailed before

[Chorus]

## **Until We Meet Again**

### CHORUS

*Until we meet again, I wish you well  
I hope your light shines easily  
And until we meet again it doesn't matter how we've done  
On Athol side I'll see you further on*

And you may struggle you may toil  
To support the walls around you  
Or lonely burn the midnight oil  
Until the pools of light surround you

### CHORUS

This day is all but done and in the space between  
We will, be afraid of what's to come  
Or we will gently dream dream on
