

Our wedding was the best night of our lives, and the best wedding we have ever been to mostly because of Phase 4! Our dance floor was packed the entire evening. We knew we liked to dance but we weren't sure if our friends would join us on the dance floor the entire night, and they did! More importantly, they honored every request we asked of them and went above and beyond! They changed the lyrics to certain songs that we requested, and when they didn't have a pre-arranged song (which was rare!) they played the original during their break. They really paid attention to every detail we asked for and made us feel incredibly special.

I cannot say enough about this band, and appreciate everything they have done for us. They made our jobs easy and let us have so much fun! My favorite part of the evening was the end of the night when they had the two of us dance in the middle of a circle of all our family and friends while they played "All You Need Is Love" by the Beatles. It capped off a perfect evening and made for a very sentimental moment that I didn't even know was coming. Moments later, they had our parents join us in that inner circle to make it all the more special.

I honestly could go on for days about how much I love Phase 4, but to make a long story short, Phase 4 is the most professional, fun, caring and affordable band I have ever met! Use them at your next event.
