

Thank you again, Maurice, for the fabulous music you provided for Alex and Jeff's wedding. You and your entire band are so professional and so good at what you do. No one paces a party better and no one reads their guests better. You know just what to play and when to keep the party going. Our friends and family had the best time and could not stop talking about the music and the dancing. I wish you and your family all good things and look forward to being at one of your parties again....Sherry
