

Belfast Coastal Reserve Action Group

Killarney, Thursday, June 2nd, 2016

Attn:

Dear

BELFAST COASTAL RESERVE ACTION GROUP is a community group that has come together to deal with the issues arising from the ever escalating activities of commercial horse training within the Belfast Coastal Reserve.

These activities have caused concern for the local community and have raised serious issues that need to be urgently addressed.

- **Public safety is compromised. There is a real risk of serious injury or death**
- **Worksafe guidelines and legislation are being disregarded**
- **There is uncertainty around responsibility for legal liability**
- **The environment is being damaged**
- **Protected wildlife are being threatened**

The attached submission explains in detail these issues and the level of concern within the community.

Regards,

A handwritten signature in black ink, appearing to read 'B. Yates', is written over a light grey horizontal line.

Bill Yates, Spokesperson, Belfast Coastal Reserve Action Group.
