

## **Day Pass**

### **Verse**

My heart  
hasn't been the same  
since you went away  
but all my friends  
tell me I'm better of this way

Monday I need change  
Tuesday I feel the same  
On Wednesday I need to get  
far away from this place

### **Chorus**

I bought a pass  
A day pass  
to the place where I can play on the  
greener grass  
It's somewhere I can  
forget about you  
'cause I was falling  
were you falling  
I was falling for you

### **Verse**

Now I'm alone  
waiting for an SMS on my phone  
tellin' me that you'll be coming home

But I can't wait here  
for some one  
that might not appear  
when I've got a ticket out of here

### **Chorus**

I bought a pass  
A day pass  
to the place where I can play on the  
greener  
It's somewhere I can  
forget about you  
'cause I was falling  
were you falling  
I was falling for you
