Verse

This feeling she gives you
is the best you've ever had
and you would go down
on your knees to keep her in reach
but I know what you've got
your still paying for it

Chorus

Slow down
Slow down
You eyes need a moment to see
Slow down
Slow down
your lungs need a moment to breathe

Verse

You can feel the weight
that you have strapped on your back
but you need all of
what you think you do
you can't go fast, you can't go fast

Chorus

Slow down
Slow down
You eyes need a moment to see
Slow down
Slow down
your lungs need a moment to breathe
Slow down
Slow down
You eyes need a moment to see
Slow down
Slow down!

Middle 8

Time won't leave
Time won't leave
Time won't leave
Time won't leave behind

but this feeling is the best you had
but this feeling is the best you had

Chorus

Slow down

Slow down

You eyes need a moment to see

Slow down

Slow down

Slow down

Slow down

your lungs need a moment to breathe

Slow down
