

"Like Jason Isbell, another son of the South who bears a tenacious tone, Woods is in the vanguard of country music's feisty new generation. And in *With Love From Brushy Mountain*, he's helping set the standard."

- No Depression

"*Brushy Mountain* is as complete of a country album as you will find... Matt Woods is no fluke, no one trick pony. Not even close..."

- SavingCountryMusic.com

"It's only a matter of time before singer-songwriter Matt Woods finds wider recognition." - *Performing Songwriter*
