Testimonials...

“We wanted a fun celebratory atmosphere for our 20th Anniversary party and Archie Funker was all that and more. The music is infectiously upbeat. Ryan and the band are talented musicians and vocalists that handle themselves very professionally. The next time we throw a party, I'll call Archie Funker first!”

“We really enjoyed working with you during the planning of our wedding music. You were extremely easy going and went above and beyond to make happen what we envisioned for our reception. The music was fantastic and it was much more unique and lively than just getting a DJ. For us, the band for the reception was the most important part, and Archie Funker did not disappoint. We were impressed with the large variety of music you offered us, and it got everyone dancing and having a good time. Thank you again for a great night!”

“This posting comes two years after our wedding celebration when you raised the roof at our reception. While this commentary is late, it only emphasizes the point for this note and to our extreme pleasure in your ability to entertain, coordinate a song list, and keep everyone on their feet because we still have people talking about that night. To anyone planning a wedding, the only thing that gets remembered is the band, and trust me, no one will forget Archie Funker! Keep up the great work and we look forward to seeing more of you guys down the road.”
