All amps are hand wired and come standard with either Classic Tone Transformers or Heyboer Transformers. Merren Transformers are hand made and are a premium upgrade. Turret boards are handmade from Paxolin UK, or G10/FR4, Filter caps F&T electrolytic Germany, Xicon Carbon Film 1 watt resistors. CTS Pots, UK Made Cliff Jacks, 16 Gauge steel chassis with welded corners for added strength, Belton octal tube sockets, Belton retainers, and Tubes are JJ Brand.

Cabinets and head boxes all custom made in Grand Junction Colorado by The Damn Cabinet Company. Custom Cabinets upon request.

All cabinets are made from 5/8" Baltic Birch ply with finger jointed corners for strength.
Baffles and back panels are made of Baltic Birch as well.

All cabinets come stock with Celestion "Heritage" G12M speakers. Celestion "Heritage" G12H 55Hz are optional at no additional cost.
Cabinets come stock with black tolex and "salt and pepper" grill cloth. Optional colors are White, Red, Purple, Blue Bronco, and British Racing Green.
