

Biography The Dirty Denims

The Dirty Denims play **Happy Hardrock**: hardrock that makes you feel good in a heartbeat. Combined with **rock 'n roll, powerpop and a slice of punkrock** it sounds like **AC/DC, KISS, Joan Jett, Ramones and The Donnas**. When playing live these rockchicks and guys are at their best; an energetic show of a band that exudes fun, likes audience participation and doesn't taking themselves too seriously.

The Dutch festival Lowlands defined their music as **very tight punk- and hardrock**, with riffs inspired by Ramones and AC/DC. Frontwoman Mirjam delivers the most recognizable element: a voice like Joan Jett and Debbie Harry. With their **catchy songs** and energy they will they will make you throw your fists in the air and scream "YEAH"!

The Dirty Denims played on large festivals like **Lowlands, Rockin' Park, Zwarte Cross and Bospop** and supported **Slash, Golden Earring, Extreme, Cheap Trick, Steel Panther and The Datsuns**. Their song "24-7-365" got them **national airplay on the biggest radiostation of the country**. The song also was featured in 2 international **Comedy Central** campaigns. The song "Back With A Bang!" is featured on the compilation-cd that comes with **Classic Rock magazine UK**, November 2017 (circulation 70,000 editions worldwide).

Quotes “Back With A Bang!”

“Straight outta Eindhoven, The Dirty Denims are a blast of high-energy, high-velocity, handclappy, glam-stomping hard rock that reminds me of **Rose Tattoo when they were still young and spry, and if Angry Anderson was a woman with a fearsome set of pipes**. If rock'n'roll is dead, nobody told these cats. I hope they never get the memo.” *Sleazegrinder (Classic Rock Magazine UK)*

"Opening/title track Back With A Bang! is **infectiously catchy** from the very start, features a classic rock & roll rhythm and is **air-guitar-tastic!**" - Katie Frost (Moshville Times UK)

“The quartet likes to boogie like AC/DC did when Bon Scott was still alive. Keywords: fun, energy and having a good time. Lead singer Mirjam Sieben has **enough power to reach the back rows of a festival crowd**. (...) Back With A Bang - part 1 is a less is more EP that is **catchy as Hell**.” – Here Comes The Flood

“So, what exactly do The Dirty Denims bring to the party? Well, with a handful of pilfered **AC/DC riffs, '70s glam slam melodies and a riot grrl attitude**, quite a lot actually.” – Ben Hughes (<http://www.uberrock.co.uk>)
